CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

The objective of this research was to find out if there is a significant correlation between students reading aloud and their reading comprehension. Based on the data analysis on the previous chapter, the researcher concluded that:

1. The eleventh grade student's reading aloud at MA Darul Qur'an Tarai Bangun is categorized into "good" level at score 70.
2. The eleventh grade of students' reading comprehension at MA Darul Qur'an is categorized into "good" level at score 69
3. There is a significant correlation between student's reading aloud and reading comprehension.

B. Suggestion

Seeing all the explanation and the conclusion above, the researcher intends to give some suggestion related to English teaching learning as well as the future studies.

Firstly, the teachers should give more attention and motivate the students to upgrade their reading and teachers should be more creative in giving a lesson and using various teaching method in order that the students can be more comfortable and more interested in learning English.

Secondly, oral communication could be provided through teaching techniques which can maximize and optimize communication skills to progress students to do their best.

Thirdly, the students should be more active in learning English, students realize that reading comprehension is very important in their lives, especially in education level, the students may learn more about components of reading comprehension to make their reading comprehension more perfect.
