5.2 Suggestion

Considering the difference between Natural Science and Social Science students' reading comprehension on analytical exposition text, the researcher would like to give some suggestions as follows:

5.2.1 The Suggestion for the Teacher

5.2.1.1 The teachers should pay attention to the both of the majors; Natural Science and Social Science, because they have different intelligence and different way in receiving the knowledge from the teacher. It means that the teachers should determine appropriate strategies for both majors in improving their ability in comprehending analytical exposition text.

5.2.1.2 The teachers should give more motivation to Social Science students related to reading comprehension.

5.2.2 The Suggestion for the Students

5.2.2.1 Both Social Science and Natural Science students should read scientific passages included analytical exposition text as habitual activity in order to improve their reading comprehension.

5.2.2.2 Both Social Science and Natural Science students should increase their knowledge about structure of the analytical exposition text and their vocabulary knowledge.

5.2.3 The Suggestion for Other Researchers

5.2.3.1 These findings are expected to be a reference for further researcher that concern on reading comprehension and students' major programs.
