CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the data presentation and analysis in the previous chapter, it can be concluded that:

1. The motivation of the students in reading was categorized into “high enough” category. The data has been explained in chapter IV.
2. The students reading comprehension was categorized into “Good” Category. The data has been explained in chapter IV.
3. There is a significant correlation between students’ motivation in reading and their reading comprehension at the second grade of State Senior High School Kateman.

B. Suggestion

Based on the research findings and the conclusion, it is known that students’ motivation in reading is high enough; and their reading comprehension is not enough. Certainly, they are advised to increase their motivation in reading and their reading comprehension. To reach this, the researcher wants to suggest the teacher and students at State Senior High School 1 Kateman.

1. Suggestion to the teacher

The English teacher suggested to concern more on how to motivate the students’ reading comprehension and also on other affective variables that could have contribution in improving students reading comprehension.

2. Suggestion to the students

The students suggested to engaged and involved while comprehending the text, and make it as their habitual, so that it can enhance their motivation in reading especially in narrative text.
