## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. Conclusion

Based on the data presentation and analysis in the previous chapter, it can be concluded that:

1. The students' learning style of eighth grade students were categorized into Visual 60.34%. Auditory 32.75% and Kinesthetic 6.89%.
2. The students' listening comprehension of eighth grade students were classified into Fail 18.96%. Poor 24.13%. Fair 17.24%. Good 29.31%. and Very Good 10.34%.
3. The mean of students' listening comprehension was 59.35 in "Fair" Category.
4. The Visual students have high score in listening than auditory and kinesthetic students. It can be seen from the result of their listening score, the 4 visual students got very good score whereas 2 auditory students got very good, and none of kinesthetic students got very good score in listening.
5. There is no significant correlation between students' learning style and listening comprehension in recount story at MTs. Ummatan Wasathan Islamic Boarding School of Technology Riau. Based on the table of Chi-Square test above. it can be seen that the value of  $Sig. (2-sided) = 0.698$  is higher than  $P_{\alpha}=$

0.05. The data is significant at 0.05. So. it can be concluded that the data is not significant.

### B. Suggestion

Based on the research result and the conclusion, it is known that students' learning style is high enough; and their listening comprehension is not enough. Certainly, they are advised to increase their learning style and listening comprehension in recount story. To reach this, the researcher wants to suggest the teacher and students at Mts. Ummatan Wasathan Islamic Boarding School of Technology Riau:

#### 1. Suggestion to the teacher

- An English teacher should know the students' learning style and make the students easy to learn English, especially in listening.
- This is also responsibility of the candidate of English teachers in the future to pay more attention to students' learning style and listening comprehension of the students in order that they can reach the target of the teaching.

#### 2. Suggestion to the students

For the students, they are suggested to be engaged, involved and confident while comprehending recount story in listening.
