eight level students of SMPN 30 Pekanbaru has given a positive difference on students' reading comprehension of narrative text.

B. Suggestion

From the conclusion of the research above, the writer would like to give some suggestion as follows:

1. Suggestion for the Teacher

- a. The teacher should be creative in selecting the strategy in order to make the students interested in learning English.
- b. The teacher can encourage students' awareness about the importance of reading for their life.
- c. The teacher should construct enjoyable learning for students and support their strategy by using interesting media.
- d. By using PQRS Strategy, the teacher can help the students to find out the outline of the information in the text.

2. Suggestion for the Students

- a. The students should pay more attention to the lesson explained by the teacher.
- b. The students should have discussion and share information with their friends about English to improve their reading comprehension.
