B. Suggestion

Based on the conclusion, the researcher purposes some suggestions as follows:

1. *Suggestion for the teacher*

A teacher is one of the important educational components in selecting instructional material and choosing strategies in teaching and learning English, especially in teaching them how to pronounce English words.

2. *Suggestion for the students*

There are some suggestions for all English students to improve their skill in listening and pronunciation:

- a. The students should write the words in a note book when they heard unfamiliar words.
- b. The students should always listening English songs with or without lyrics to improve their pronunciation.
- c. The students should know the strategies for mastering English pronunciation.
- d. The students should practice how to pronounce English words.
- e. The students should speak new English words every day.
- f. The students should always listen to English songs over and over.

The suggestions above can improve the students' habit of listening to English songs. If the students have well pronunciation of English words, they will be easier to understand and improve the English listening skill.
