## B. Suggestion

Regarding to the conclusion stated previously, the researcher would like to propose several suggestion, as follows:

1. It is suggested for students to always practice English as the way to increase the speaking ability. They also can improve their English acquisition in following some events regarding with English and join some competitions.
2. For the English teacher, the researcher recommendsthem to create the techniques ofteaching process which makes students more interested and easier in understanding the materials because they have capability in designing andpresenting the materials to the students in teaching learning process. Thus, it makes students more responsive to learning, and livened up the pace of the lessons as well.
3. For further research, it can be investigated the relationship between students' frequency in using English with other English skills or linguistic components.
