## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. Conclusion

This research was conducted to find out if there is a significant correlation between students' motivation and their writing ability. Based on research finding of data analysis on the previous chapters, the researcher concludes that:

1. The students' motivation at tenth grade of State Senior High School 1 Kampar is categorized into good level.
2. The students' writing ability at tenth grade of State Senior High School 1 Kampar is categorized into Enough level.
3. There is a significant correlation between students' motivation and their writing ability at tenth grade of State Senior High School 1 Kampar.

#### B. Suggestion

Based on the finding, the researcher would like to propose several suggestions, as follows:

1. For the teachers should construct creative and enjoyable learning for students, teachers can encourage students' awareness about the importance of writing, teacher makes writing as habitual activities for students in the school, teachers should be able to guide the students in increasing their motivation in order to develop their ability in English,

especially in writing. Considering this view, hopefully that the students as writer would write more appropriately.

2. Motivation has contribution to writing descriptive text. So, the researcher suggests for the teacher to try collaborating particular activities and techniques to raise their motivation on writing.
3. These research findings are expected to be positive and valuable information for the future research, especially for those who are concerned in the world of Teaching and Learning English as a Foreign Language or Teaching and Learning English as a Second Language
