

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. Conclusion

Referring to the data analysis and data presentation in the chapter IV, finally the researcher concludes that the answers of the information of the problem:

1. Students' speaking ability of the second year at senior high school 4 Pekanbaru taught by using Group-to-Group Exchange Strategy is higher than without using group-to-group exchange strategy. It was known by comparing the mean of gain of the students score in pre-test and post-test both experimental and control groups.
2. The Group-to-Group Exchange Strategy gives significant effect on students' speaking ability of the second year at senior high school 4 Pekanbaru.

#### B. Suggestion

Recalling the result of this study, the researcher would like to give some suggestion as follows:

##### 1. Suggestion for teacher

- a. Creating enjoyable teaching and learning in order to make students fell interested and not bored in doing their speaking exercise or tasks that should be developed by English teacher, for example, by using group-to-group exchange strategy.

- b. Giving media will help the students in understanding English well in order to make them interested in improving their speaking English well.

**2. Suggestion for students**

- a. The students should study hard in studying by giving attention to the teachers' explanation
- b. The students should be encouraged in developing their speaking skill.

**3. Suggestion for the other researcher**

- a. Find new appropriate strategies, technique or media as the good ways in doing research for helping students in mastering English.
