CHAPTER V

CONCLUSION AND SUGGESTION

A. CONCLUSION

This research was conducted to find out whether there is a significant effect of using blender method toward tudents' writing ability on narrative paragraph or not. Referring to the data analysis and data presentation explained at the chapter IV, finally the writer concluded as follows:

1. Students' writing ability on narrative paragraph at the second year of MTs Masmur Pekanbaru taught by using blender method is higher. It was known by comparing the mean of gain of the students score in pre-test and post-test both experimental and control groups.

2. The blender method gives significant effect of students' writing ability on narrative paragraph at the second year of MTs Masmur Pekanbaru.

B.   SUGGESTION

Pertaining on the research finding, it is clear that Blender Method gives significant effect toward students' writing ability. Thus, the writer suggests:

1. Blender Method can be one of the effective methods used by teacher of English. Because of that, the writer suggests to read this thesis as references for those who want to conduct Blender Method in teaching and learning process.

2. For the readers, teachers and other individual, are recommended to use this thesis as one of the references in finding information about Blender Method and writing ability

3. For the students, they have to be interested in writing. The students are hoped to be creative in writing English. They should enjoy learning English with the help from teacher.
