

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. Conclusion

Based on the data analysis explained at the chapter IV, finally the research about effect of using Body Biography on reading comprehension at second year students of SMPN 17 Pekanbaru comes to conclusion as follows:

1. The students' reading comprehension in narrative of the second year students at SMPN 17 Pekanbaru taught without using Body Biography strategy is lower than using Body Biography strategy
2. The students' reading comprehension in narrative of the second year students of SMPN 17 Pekanbaru taught by using Body Biography strategy is higher than before being taught by using Body Biography
3. There was a significant difference in reading comprehension between the students before being taught by using Body Biography strategy and the students after being taught by using Body Biography on reading comprehension of the second year at SMPN 17 Pekanbaru.

In conclusion,  $H_a$  is accepted and  $H_o$  is rejected. In other words, there is a significant difference of teaching English by implementing Body Biography strategy on reading comprehension of the second year students

at State Junior High School 17 Pekanbaru and success to improve their reading comprehension.

## **B. Suggestion**

### **1. Suggestion for the Teacher**

- a. The teacher should be more selective to choose the appropriate strategy that can be used in English teaching in order to make the students enthusiastic in learning English.
- b. The teacher should give more various strategies in order to make students interested in learning English
- c. Body Biography Strategy is recommended to be used by teachers that can help the students to find the main idea and comprehend the text.

### **2. Suggestion for the Students**

- a. The students should pay more attention to the lesson explained by the teacher.
- b. The students should practice their English not only in the classroom but also outside of classroom.

### **3. Suggestion for Next Researcher**

- a. Next researchers are expected to give more contribution in conducting the research especially for reading comprehension.
- b. This research is expected to be one of the ways on students' reading comprehension. It is also expected that the findings

will be used as a starting point to conduct another research. There are many other techniques to make teaching and learning process more effective.
