Writing style format according to the template

Good

The existence of relevant citations supports the development of scientific work

Good

There are ones supporting instrument (algorithm, flowchart, images, graphics, diagrams, prototypes, similarities, and other supports) that are relevant to scientific work

Good

Is the bibliography dominant publishing in the last 5-10 years and is a previous study

Good

## **SUBSTANCE**

There is a brief review of previous research in the background

Good

The relevance of the background, the formulation of the problem with the research method and the discussion of scientific work is very clear

Good

The analysis or the discussion is very well presented which is accompanied by good research methods

Good

The Conclusions are explained very clearly and their relevance to the background, problems, objectives, and discussion, formulated briefly and clearly

Good
