Hello respected Dr. Merry,

We just got the two reviewers results as shown below:

30	This article analyzes the application of a novel method of evaluating the ergonomic posture in Indonesian industrial centers. Incorrect postures of the operator's work at work cause a high risk of musculoskeletal disorders. The research problem concerns a novel method for assessing the ergonomic attitude of employees in the center of creative industries in Indonesia.
21	The abstract lacks several key requirements such as research method and results. Since this abstract is incomplete and incoherent, it's not possible to evaluate the paper's quality.

Therefore, your paper has been passed the review process.

Sincerely,

Secretariat of ICESI 2019

Dear ICESI Full Paper Authors and Participants,

To probably include your full papers in the **IEEE Xplore** database, this email is to send an important reminder to you.

2019 International Conference on Engineering, Science, and Industrial Applications (ICESI) is only two weeks away! When preparing the final IEEE Xplore-compliant publication submission, we have to collect Copyright Form and Xplore-compliant PDF of each paper from the conference system. Notably, the process of inclusion in IEEE database is very selective and competitive, while not all-inclusive. Therefore, please completely follow the format required by the IEEE and upload your Copyright Form and IEEE-compatible PDF to the conference system, otherwise your paper will not be sent to the process of inclusion in IEEE database. If you have any question about the IEEE Xplore-compliant publication, **please contact with the conference publications chair Prof. Chao-Ching Ho (email: hochao@ntut.edu.tw)**.

Look forward to seeing you in Tokyo!

The Program Committee of ICESI 2019

Dear Merry Siska,

This is to acknowledge that you have paid the registration fee through ECPay (a third-party payment company). The conference will collect the money later on, but you can download the official payment receipt via the conference system now. About the visa to Japan, please go to the conference website and click on [Visa to Japan] by using drop-down menu [Information] to see the details (or [please contact your local travel agent to know more](#)).

Dear participants,

Due to receiving dozens of requests in recent days, the session staff do their best to honor all requests. Now the fourth version of session program has been posted in the conference website. Should you find any typo errors, please inform us immediately. If you are a vegetarian or only eat halal food, please tell us now because the staff need to prepare and pre-order the suitable food for you.

For oral sessions, a notebook is equipped with an LCD projector for every session room. Each speaker must bring his/her own **USB memory stick** for transferring the ppt or pptx file(s) to the notebook setup at each session. For the poster presentation, the dimensions of the display

board are 160 cm (Height) × 60 (Width) cm. Your poster can be small but must not exceed these dimensions.

Finally, part of purposes of attending an international conference are to meet worldwide scholars/peers and enjoy a trip with your family or friends. We sincerely thank you again for your participation and contribution to the conference, and hope that you have a wonderful academic vocation in Tokyo, Japan.

Look forward to meeting you soon,

The Local Committee of ICESI 2019
