Dear author

You have amendments from a reviewer. Could you please amend **on attached file "Article 091220_revised_for revision"** and send back your revised article and the list of explanations of the revisions done **via e-mail** (iji@ogu.edu.tr) as an attached file as soon as possible?

So far, a lot of articles have been published in the International Journal of Instruction on a wide range of subjects. To promote our international and scientific community, we kindly ask our writers to make references to other articles published in our journal. By doing this, you will help us to improve the IJI and as other writers will possibly reference your article, your article gets citations. Thus, as a final touch, we kindly ask you to make references to two or more articles from the IJI.

Sincerely yours,
