Dear Author - Erman Taer.

The status of article NST-37794 "Surface modification: Unique Ellipsoidal/Strobili-fiber Structure of Porous Carbon Monolith for Electrode Supercapacitor" in journal "Nanoscience and Technology: An International Journal" has changed from SUBMITTED to:
ON_CORRECT

The change in status of the article requires your attention.

The submission deadline is: May 30, 2021.

Please login https://www.submission.begellhouse.com/usr/login.html?prod_code=journals

Notes from Editor-in-Chief - Sergey Lurie:

Dear author,
your manuscript was considered.
In the present time I have only one remarks.
The volume of your article together with figures should not exceed 20 pages (in this case, we could allow a maximum of 25 pages together with figures and a list of references). We cannot allow one article to occupy 1/3 of the volume of the issue.

Best wishes
Editor NST
