Dear authors,

We received your paper:

Authors : Elin Haerani, Liza Apriyanti and Luh Kesuma Wardhani  
Title : Application Of Unsupervised K Nearest Neighbor (UNN) And Learning Vector Quantization (LVQ) Methods In Predicting Rupiah To Dollar  
Number : 67

The paper was submitted by Luh Kesuma Wardhani <luhkesuma@gmail.com>.

Thank you for submitting to CITSM 2016.

Best regards,  
EasyChair for CITSM 2016.

Dear Elin Haerani,

Hereby we announce your paper plagiarism check result (see the attachment). The maximum percentage allowed in this conference to submit to IEEEExplore is 20%. Please revise your paper no later than April 11, 2016, if your result is above 20%.

Thank you for your cooperation.

Sincerely,  
CITSM 2016  
PC Chair

Dear Elin Haerani,

Preparing Final Manuscripts

Revised your Papers

Please read carefully all reviewers' comment and reflect them to improve your Final papers.

Language

English is the working language of the conference. If English is not your native language, please have your papers read by a native English speaker, or seek online services of proof reading to improve the language of your papers. Please note that your paper is subject to further review and it may be rejected if it is deemed that English of your paper is not acceptable.

Paper preparation (doc/docx format) and template

Papers must be written on A4-format page according to the IEEE template Manuscripts of minimum four (4) pages and up to seven (7) pages in length. Submissions exceeding eight (8) pages will not be accepted.

IEEE template Manuscripts founded at [http://www.ieee.org/conferences\\_events/conferences/publishing/templates.html](http://www.ieee.org/conferences_events/conferences/publishing/templates.html) or may download from here

Papers should NOT have:

- Page numbers
- Headers
- Footers

Pdf IEEE Xplore Format

Conference papers are to be submitted electronically (.pdf form), with file size limited to 2 MB. Accepted and presented papers will be published in the Conference Proceedings, and submitted to IEEE Xplore® online digital library.

IEEE is very strict about the requirements for converting application files or PostScript files to full-text PDF for inclusion in IEEE Xplore®.

The most important issue that every author shall pay attention to is to make sure that all the fonts used in your papers are EMBEDDED and SUBSETTED, especially for papers from Asia and Europe. Failure to embed and subset fonts is the biggest obstacle to PDF compliance with IEEE Xplore® and please make sure that your PDF files are compliant with IEEE Xplore®. Papers failing to meet the IEEE Xplore® PDF requirements may be rejected.

#### MINIMUM IEEE PDF REQUIREMENTS

Each PDF for IEEE Xplore® must have all of these characteristics:

- Be PDF 1.4 (Acrobat 5) or later but not Acrobat 9.
- Must be created with a PDF distiller. Scanning is not permitted.
- Embeds or subsets all fonts. Doing so helps make sure that the mathematics appears as intended and improves text searching in the PDF. Please note some TrueType fonts have a setting added by the font designer that prevents the font from being embedded and should be avoided.
- Does not have a password or other security settings.

Continue to enter information as prompted.

An Online confirmation will be displayed and an email confirmation will be sent verifying your account setup.

Previous users of PDFeXpress need to follow the above steps, but should enter the same password that was used for previous conferences. Verify that your contact information is valid.

Contacting PDF eXpress Support

Access the Publications Support Center for IEEE PDF eXpress (<http://ieee.custhelp.com/app/answers/list/p/12>).

If you do not find an answer in the Find Answers tab, go to the Ask A Question tab. Your question will be forwarded to IEEE PDF Support and answered within 3 business days.

Important IEEE Policy

The IEEE reserves the right to exclude a paper from distribution after the conference (including its removal from IEEE Xplore) if the paper is not presented at the conference.

Papers are reviewed on the basis that they do not contain plagiarized material and have not been submitted to any other conferences/workshops/symposia at the same time (double submission). These matters are taken very seriously and the IEEE Communications society will take action against any author who engages in either practice. Follow these links to learn more:

[IEEE Policy on Plagiarism](#)  
[IEEE Policy on Double Submission](#)

PLEASE NOTE: To be published in the **CITSM** 2016 Conference Proceedings and to be eligible for publication in IEEE Xplore®, an author of an accepted paper is required to register for the conference at the full (member or non-member) rate and the paper must be presented by an author of that paper at the conference unless the TPC Chair grants permission for a substitute presenter arranged in advance of the event and who is qualified both to present and answer questions. Non-refundable registration fees must be paid prior to uploading the final IEEE formatted, publication-ready version of the paper. For an author with multiple accepted papers, one full registration is valid for 1 paper. Accepted and presented papers will be published in the **CITSM** 2016 Conference Proceedings and submitted to IEEE Xplore®.
