Reviewer-1	<ol style="list-style-type: none"> Paper is good, covers all steps of proposed methodology and defined properly. Abstract is the summary of the research work. The main parameters of the abstract are: what, how, and why. What: It includes definition of the research work means what is going on in research work. How: It covers methodology part means define a technique/ methodology that help to execute your research work. Why: It focus application of the research work means where it can use. Abstract should not be more than 250 to 450 word. Overall, your abstract may be more meaningful if you write your abstract as per above parameters.
Reviewer-2	<ol style="list-style-type: none"> Paper can be accepted. Without any reference, research work cannot start. If any content/paragraph/figure/table is copied from anywhere. It should be marked properly at the end of the content/paragraph/figure/table i.e [1]. This marking should also cite in the reference section. Overall, references are not cited properly, it should be better. A conclusion is the last part of something, its end or result. When you write a paper, you always end by summing up your arguments and drawing a conclusion about what you've been writing about. Overall, your paper may conclude more better way.
Reviewer-3	<ol style="list-style-type: none"> Paper can be accepted borderline. Proposed Algorithm/ Methodology is a process or set of rules to be followed in calculations or other problem-solving operations.
